Appeal Ref: APP/C3430/C/21/3270628

An appeal has been made to the Secretary of State against an enforcement notice issued by South Staffordshire District Council on 11th February 2021.

The enforcement notice was issued for the following reasons:

- (i) The unauthorised development has not been substantially completed for four years and is not time immune from enforcement action.
- (ii) The Council determine that the carport is development under section 55 of the Town and Country planning Act 1990 due to its size, attachment and degree of permanency.

- (iii) Planning permission has been refused for the carport and a planning appeal dismissed.
- (iv) The site is within the Green Belt and the development is inappropriate development within the Green Belt contrary to Policy GB1 of the adopted Core Strategy. The development is therefore harmful to the Green Belt, of the adopted Core Strategy and no reasons have been given to outweigh that harm.
- (v) The development is an incongruous and disruptive feature in the street scene and harmful to its rhythm and character, contrary to Policy EQ11 of the adopted Core Strategy.

The enforcement notice requires the following steps to be taken:

- (i) Remove the unauthorised carport from the area outlined in blue on the attached plan; and
- (ii) Remove from the Land all materials arising from compliance with step (i) above.

The appellant has appealed against the notice on the following grounds:

Ground (b) – that the breach of control alleged in the enforcement notice has not occurred as a matter of fact.

Ground (c) – that there has not been a breach of planning control.

The appeal will be determined on the basis of written representations. If you wish to make comments you can do so at:
